## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

#### Cal OES INLAND REGION

##### April 2022 Crop Freeze, Agricultural Disaster Declaration Requests, Nevada and Placer Counties

- On 06/20/22, the California State Warning Center (CSWC) received an Agricultural Disaster Declaration request from Nevada County for losses of grape crop production incurred due to freezing conditions in April 2022.
- On 06/20/22, CSWC received an Agricultural Disaster Declaration request from Placer County for losses of grape crop production incurred due to freezing conditions in April 2022.

#### Cal OES COASTAL REGION

- Nothing significant to report

#### Cal OES SOUTHERN REGION

- Nothing significant to report

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/15/22 at 1630 hours:**

- 9,169,339 total confirmed cases.
  - 110,437 Delta
- 91,107 total deaths.
  - 215 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

## Lifeline Route Closures

Northern California	Central California	Southern California
No Lifeline Route Closures	No Lifeline Route Closures	No Lifeline Route Closures

### Lifeline Routes:

- There are no Lifeline Route Closures.

### Non-Lifeline Routes:

- Butte and Plumas Counties: SR 70 is closed from Jarbo Gap (Butte County) to Greenville Wye (Plumas County) due to a mudslide.
  - On 06/12/22, a total of five areas of debris flows/slides occurred due to severe thunderstorm activity in areas of Dixie Fire burn scars.
  - There is no alternate route available. - The District has not provided an official detour for motorists around the closure.
  - Motorists are advised to use an alternate route. - Motorists should research and find the best means of utilizing other alternate/open routes to reach their desired destinations on either side of the closure.
  - A passible section of roadway has been established within the debris area for use by emergency vehicles.
  - Estimated time for one lane to be reopened to all traffic under 24/7 traffic control with 30-minute delays is 07/01/22.
- Click [here](#) for a list of current road closures.

### Wildfire Closures:

- There are no Wildfire Closures.

### Emergency Operations Center Activations:

- There are no Emergency Operations Centers activated.

# FIRE ACTIVITY

## Cal OES INLAND REGION

- Nothing significant to report.

## Cal OES COASTAL REGION

- Nothing significant to report.

## Cal OES SOUTHERN REGION

- Nothing significant to report.

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- Hot with Thunderstorms from Wednesday into the Weekend for portions of Lassen, Modoc, Mono, Nevada, Placer, Plumas, Sierra, Alpine, and El Dorado Counties. An increase in thunderstorm chances is expected each afternoon into the weekend.
- There is a low chance (5-10%) for cumulus buildups and isolated thunderstorms along the Eastern Sierra this Tuesday afternoon and evening.
- The thunderstorm threat migrates northward into western Nevada, the Sierra, and northeast California Wednesday (15-20% chance) and Thursday (20-40% chance). Isolated chances will continue into the weekend.
  - Hazards with these thunderstorms will include lightning with new fire starts possible, gusty/erratic winds, heavy rainfall with an elevated risk for flash flooding and debris flows on recent burn scars, small hail, and rapid temperature drops.
  - Stay away from recent burn scars as heavy rainfall can create dangerous debris flows.
- Typical westerly breezes with speeds 20-30 mph kick back up Wednesday through the weekend. Low relative humidity may create locally critical fire weather conditions during this time period.

## SOUTHERN CALIFORNIA

- No significant weather of concern.

# Weather Key Points

Regional Operations Center

Western Region

Monday, June 20

- Hot temperatures will spread across much of the state today and Wednesday, continuing for many inland areas through the weekend. Moderate to locally high heat risk impacts are likely.
  - Afternoon temperatures of 100 to 107 degrees are forecast over much of the Central Valley while readings of 105 to 115 degrees develop across the southern deserts (locally approaching 120 degrees for Death Valley)
  - Areas closer to the coast will also see moderate heat risk impacts Tuesday and Wednesday as temperatures warm well into the 90s before cooling temperatures return by late week
- Breezy winds will maintain locally elevated fire weather conditions through the weekend for many mountain and foothill locations of Inland and Southern regions
  - Gusty conditions will also bring elevated fire weather conditions to much of the Sacramento Valley today
  - At this time, widespread critical fire weather conditions are not expected
- Scattered showers and thunderstorms are possible across southern California on Wednesday, spreading into the Sierra Thursday and Friday
  - At this time, widespread rainfall is not expected but localized heavier amounts and gusty winds could develop near any thunderstorms
  - Widespread burn scar impacts are not currently anticipated

# Precipitation Forecast

Regional Operations Center

Western Region

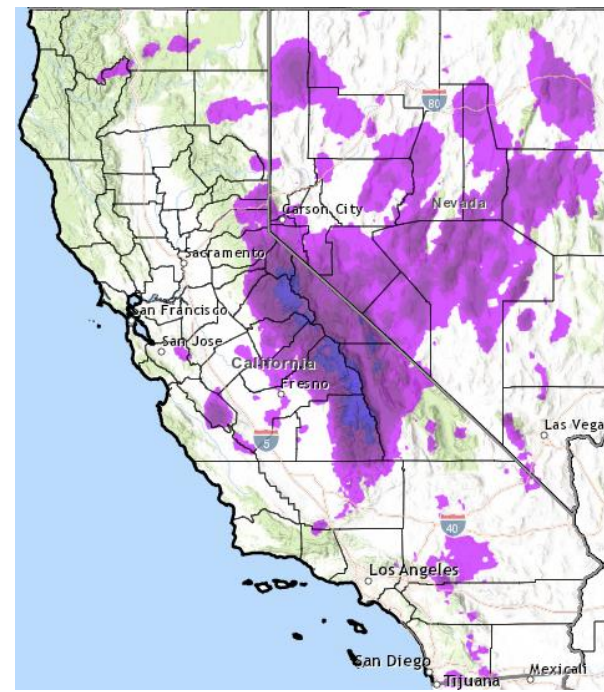

Monday, June 20

**Tuesday**

**Wednesday**

**Thursday**

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

**Precipitation (inches)**

# Heat Risk

Regional Operations Center

Western Region

Monday, June 20

Tuesday

Wednesday

Thursday

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Monday, June 20

## **6-10 Day Outlook (June 26 - June 30)**

### **Temperatures**

- Above normal temperatures are strongly favored across the entire state

### **Precipitation**

- Above normal precipitation is favored across far southern California, with near normal precipitation favored for much of the remainder of the state

## **8-14 Day Outlook (June 28 – July 4)**

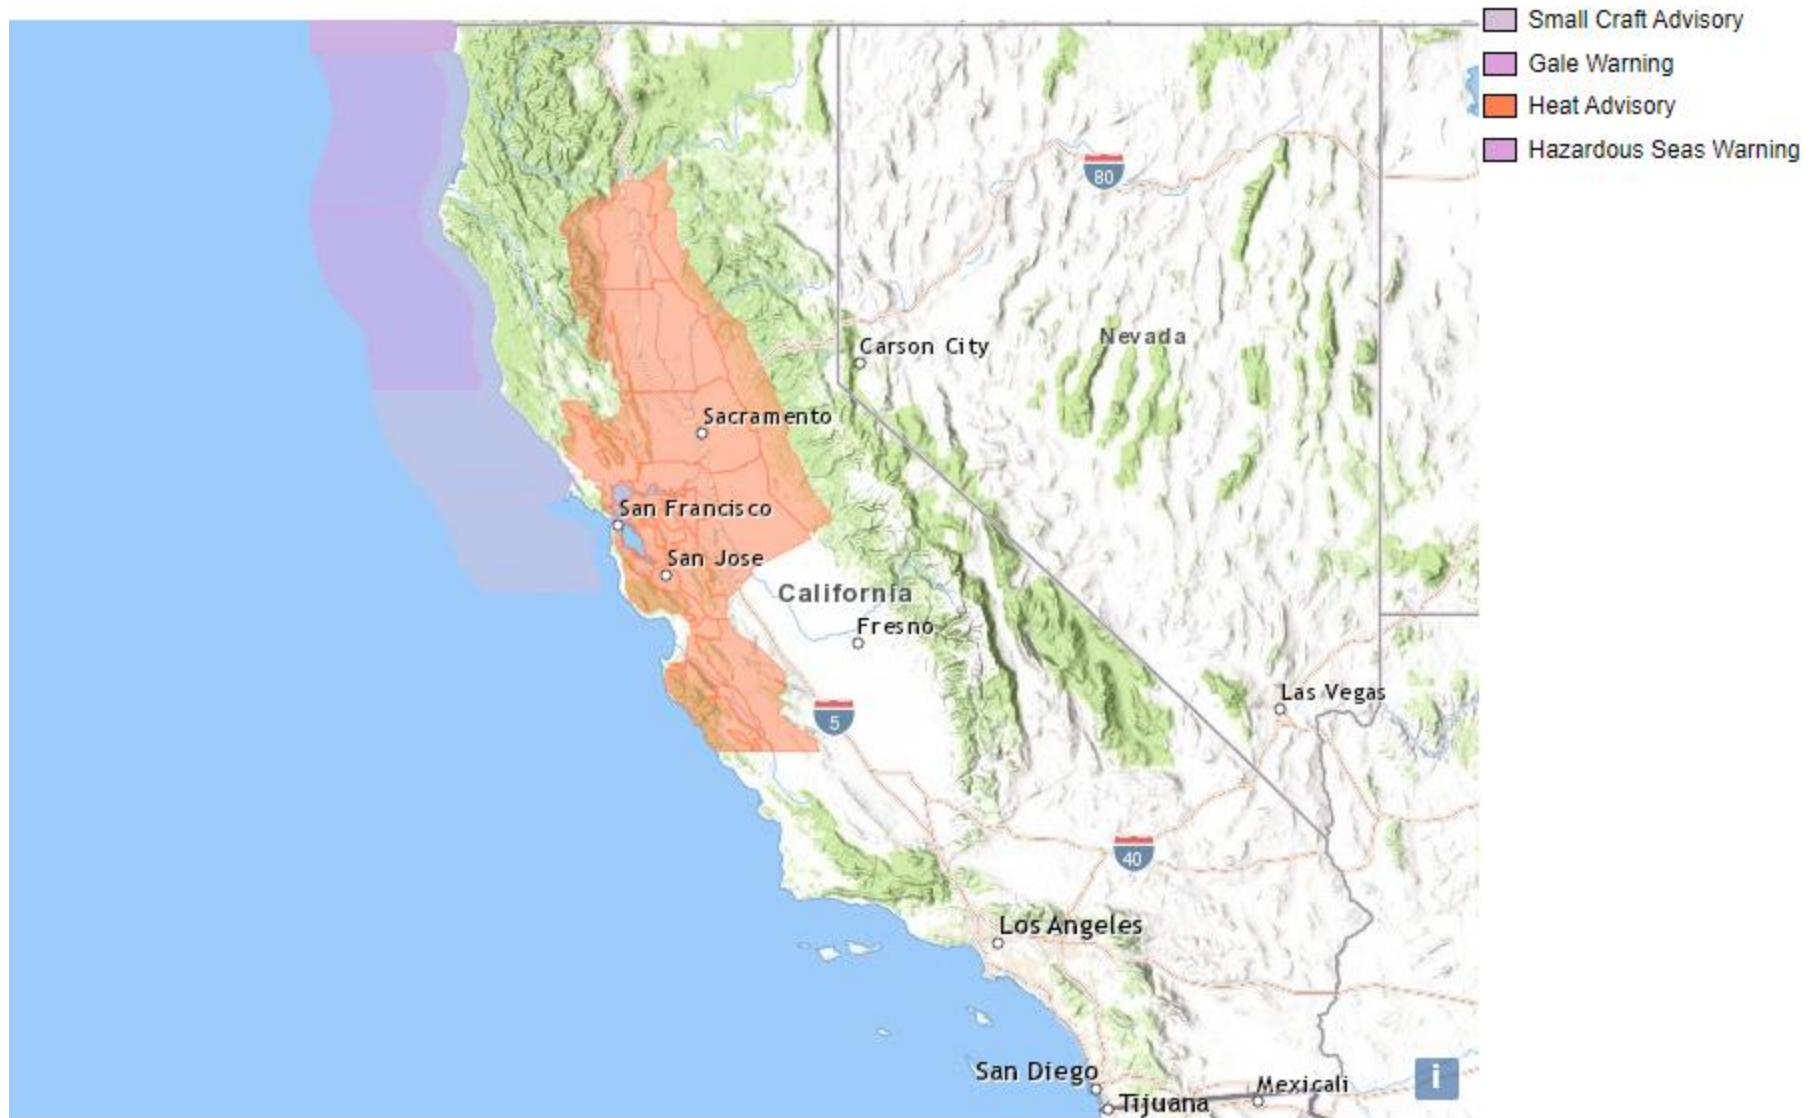

### **Temperatures**

- Above normal temperatures are again favored statewide

### **Precipitation**

- Above normal precipitation is again favored across far southern California, with near normal precipitation favored over the majority of the state

OF EMERGENCY SERVICES

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-79340, 06/20/22, 2334 hours:** Madera County Sheriff's Office contacted the California State Warning Center (CSWC) to request assistance with cell phone forensics to aid with a missing persons case. On 06/14/22, a 58 year-old woman was staying the night at a friend's residence located in a remote area off Stumpfield Mountain Road in Mariposa County. The missing person was staying there because she was short on gas but had planned on heading to the DMV in Mariposa County the following day. The last known contact with her was on 06/15/22 when she texted a relative at 0300 hours. The missing person nor her vehicle have been seen since. The missing person has not cashed her paycheck nor has accessed her phone. Deputies checked cameras on nearby Highway 49, but her vehicle has not been seen. Deputies believe her vehicle may have veered off a cliff along the roadway. Madera County SO has utilized CHP fixed wing aircraft and local UAV technology in their search with negative results. Madera County Sheriff's Office requested Cal OES contact AFRCC to assist with cell phone forensics. LDO contacted AFRCC, provided them the pertinent information, and requested they initiate their cell phone forensics analysis. AFRCC advised it is unlikely they will be able to access data more than 72 hours prior; however, they would contact their cell phone forensics team to assist if possible. LDO re-contacted Madera County Sheriff's Office and advised AFRCC would initiate the process; however, data going back more than 72 hours may require a court order. **UPDATE: MISSION ONGOING.**
- **2022-LAW-79226, (Mass Fatality Exercise):** Request caches of APX8000 radios with CRIS programming for 2 mass fatality exercises in late July. COMC coordinating Chico deployment and COMC coordinating San Luis Obispo deployment.
- **2022-LAW-79175 and 2022-LAW-79182, 06/15/22:** Region IV AC created missions to assist California State Fair & Exposition Police with LEMA support (79175) and TCOMM support (79182) for upcoming California State Fair (July 15-30). **MISSION ONGOING.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
